"FOR ALL YOUR CHAROLAIS GENETIC NEEDS"

Canadian Charolais Association President's Message

On behalf of the Canadian Charolais Association, welcome to Ontario. The Charolais breed definitely has a dominant presence in the province. Ontario is also home to some of the best and most enthusiastic breeders in all of Canada.

As you travel across the province, use this directory as your guide to find some of the best genetics the Charolais breed has to offer. Whether you are looking for a herd bull, a show heifer prospect, or just some good down-home hospitality, the breeders listed within these pages should be considered destination locations.

Congratulations and thank you to the Ontario Charolais Association and all of its members for their efforts in keeping the Charolais breed in the forefront of the beef industry—not only in Ontario, but across Canada.

Wade Beck
Canadian Charolais Association President

Message from the OCA president

Welcome on behalf of the Ontario Charolais Board of Directors.

All active Charolais breeders in Ontario are listed in this directory. If you are looking for registered seed stock, the people you need to contact are all right here.

The Charolais breed remains a popular choice in Ontario pastures and feedlots, and they continue to bring premiums at the sales barns all across this great province. Ontario Charolais breeders are friendly and knowledgeable and possess some of the best genetics in North America that can help to take your program to the next level.

Beautiful landscapes, great people and excellent cattle are what you will see in Ontario. Enjoy.

Sincerely,
Gord Tomlinson
Ontario Charolais Association
President

Quality Seedstock...

In the Ottawa Valley

BW -0.1 WW 60 YW 130 M 23.0 TM 53

For over 30 years, we have been breeding quality Charolais cattle. New to our program is the addition of Sparrows Fargo 811U for which we have the Canadian Semen Rights. Top performance, top milk and top calving ease all in one great genetic package.

Call anytime for more information or semen on this great bull or drop in for a tour of the herd.

B B A R D CHAROLAIS

Breeding stock to fit your program...

Whitecap Endeavor 122X

The newest addition to the herd! This quiet polled yearling is very deep, muscular, and square. Watch for progeny from our Silver Buckle 524U son.

"P.D." has established himself as a profound herd sire with tremendous progeny. First heifers coming into production in 2012.
